RECEIVED BY (NAME): Steve Chambers

RECEIVED FROM (NAME): Bob Thumacher, Cabeza Prieta NWR

CONVERSATION

A pronghorn carcass was found near Baker Well on Organ Pipe Nat'l Monument, Phoenix ES, LE, and Arizona Game & Fish have been informed. Bob asked where it should be sent for study. I suggested the Service's lab at the Smithsonian, which also has the type material for the Donovan. He will call the lab supervisor, Tom Fritts.
