Mr. Herb Raffaele
International Office
U.S. Fish and Wildlife Service
Washington, D.C.

Dear Herb,

I have been refered to you by World Wildlife Fund. The enclosed excerpts from the Sonoran Pronghorn Antelope Special Report and Recovery Plan clearly show that this subspecies is endangered and declining. The reasons for this and the alternatives for recovery are also detailed. As Mr. Garcia outlines in his attached letter we now have a significant opportunity to expand the range of the Sonoran Pronghorn to a sanctuary on Tiburon Island. I have also attached a proposed timetable and budget we roughed out for the project. With the fiscal and polical support of the U.S. Fish and Wildlife Service the Sonoran Pronghorn could occupy a new secure home next year. Thank you for considering this request.

Sincerely,

David A. Jessup DVM MPVM

David A. Jessup DVM MPVM

I also enclose one of our brochures for your information.
