RETURN TO ENDANGERED SPECIES

Memorandum

TO: State Director, Bureau of Land Management, Phoenix, Arizona
FROM: Regional Director, Region 2
SUBJECT: Sonoran Pronghorn Recovery Team

I understand that with the passage of a new public law, the Bureau of Land Management will now assume a role in resource management on the Barry M. Goldwater Range. This range contains endangered Sonoran pronghorn antelope. Therefore, I am requesting that Mark Fredlake, for the Bureau of Land Management's Phoenix District, serve as a member of the Sonoran Pronghorn Recovery Team. Mr. Fredlake was recommended to me by the current Sonoran Pronghorn Recovery Team. Recovery teams provide biological expertise and recommendations for recovery efforts to the Regional Director.

Please let me know if Mr. Fredlake can participate on the Sonoran Pronghorn recovery team.
